WHY?

USING OUR APP

WE CAN & WE WILL

- Minimizing the motion of patients in society
- Reducing the patient crowd at Medical Institutions
- Regulating current registered patient medical supply delivery process in an efficient systematic way
- Making competition between medical institutes over service quality.

HERE ARE OUR
SOLUTIONS

For Registered Out-Patients at Public/Private Medical Hospitals

- Easy Medical Interactions with Clinics
- Facilitating Medical Deliveries on time. Institutions will send required medical supplies through the desired method (postal, courier) on time.
- Easy online Payment Gateway with Medical Institutions.
- Medical treatment reminders.
- Medical Institution Visit Reminder.
- Emergency medical advice for health institutions.
